The College of Physicians and Surgeons of Ontario  
80 College St.  
TORONTO  ON  M5G 2E2  
Attention: Policy Dept.

Dear Sirs:

Subject: Human Rights Code Policy Review

We understand the College is accepting public input as part of its policy review concerning a doctor’s professional conduct, in non-emergency situations, which might require a doctor to act contrary to his/her conscience and/or religious beliefs.

We do not believe any profession or agency, acting in the public interest in a democracy, should exercise such dangerous authority.

Alternative medical services should be sought in non-emergency situations, allowing a doctor to honour his/her conscience and/or religious beliefs. Forcing a professional person, or other citizen, to violate conscience or religious beliefs in such situations should not be put into effect.
