To Whom it may concern,

I am a resident of Ontario, I am
writing this in support of doctors in Ontario
who because of their moral and religious
beliefs will not perform assisted suicide
and may be asked because of the proposed
"effective referral mandate" to refer their
patients to someone who will.
This "effective referral" compels a
physician to violate his or her own
conscience by being a participant in the
very act, the very procedure which he or
she objects to in the first place.
Freedom of conscience and religion are
guaranteed by the constitution and must
be respected and upheld.
