To College of Physicians & Surgeons of Ontario

Dear Sirs,

I am writing to you with regard to the "Euthanasia and Assisted Suicide debate". Please consider the following points:

1. Physicians need to uphold their promise to "DO NO HARM."

2. If euthanasia or assisted suicide is legalized, physicians must maintain their right of conscience to refuse to participate in anyway. I would not feel safe if my physician participates in euthanasia or assisted suicide. Thank you for your consideration of these points.
