Dear Sir:

We tried several times to e-mail the message below without success. Therefore we are sending our message by mail. Hopefully you will receive this letter beyond the required date. Hope you will consider the message.

A policy to deny doctors the right to refuse to provide non-emergency care that does not conform to their own moral or religious beliefs is unacceptable. Such a policy would deny freedom of conscience and freedom of religion derived from the dignity of every human person created in the image of God.

Thank you.
