The College of Physicians and Surgeons of Ontario

I address the College of Physicians and Surgeons of Ontario

I vehemently oppose any imposition made by the CPSo on any physician that is the physician having to make a referral to another physician in order to provide the patient with accommodation to end his or her life. A physician should never be compelled to act against rational conscience decisions and that (over)
compulsion goes against the

Charter of Human Rights, that is
Canadian Charter of Rights and Freedoms.
