College Physicians
and Surgeons of Boston
Fore College St.
MD, MS & EE

Dear College,

I would like to remind you of Conscience rights for people who oppose assisted suicide. (1) To uphold your promise to "Do No Harm" and ensure care is legal and
(2) if euthanasia or assisted suicide is legalized by states, must maintain them and conscience to reject
If a physician participates in euthanasia or assisted suicide, I would not feel safe at all! I do not see how we can save lives by killing people.
